5~6

Nya~ Nicooo!

Stop  
thaaaat!

Bulseye, nyo

Of course not.

You had a fight with Maki-chan?

SO DAMN ANNOY-ING.

Just like us!

That's right, nyo!

Oh, that's no good, Near-chan! You've gotta be friendly with each other before the final round of prelims!

You've gotta stick together before the final prelims, nyo!

Because otherwise you'll never ever make up!

You always have nice ideas, nyo!

That's great, Koyu-chan!

#52 Ep6

Why don't we get Koyu-chan to dress up as Maki-chan so you can practice apologizing to her?

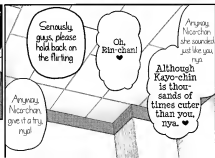

No way! Why should I apologize...

Just like the other day.

Oh,  
and Rin!

Stop  
copying  
me!

I can't believe  
you got my hat  
off without  
asking!

Maki-  
chan!

What are  
you three  
doing?!

Oh,  
and

I told  
you to  
stop it  
already!

I refuse.

I don't  
get you.

You  
You saw  
me?

I'm  
not mad  
anymore,  
okay?

You made  
yourself clear  
just now.

W-  
What-?

C'm...

..I guess  
I should  
thank you  
two

..I'm sorry  
too

Sorry!!

You're  
late,  
nya!!!

\_\_\_\_\_ is  
Number One!

Piyomon

For real~!

Mmm~  
But it's  
really  
unusual  
for you  
to be  
late, Kaya-  
chin

You  
think~?

Aw!

h

It's been  
ages since  
we last went  
on a date  
though,  
nya~

See~

I'm really  
sorry~

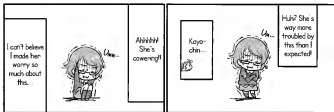

What's more  
important  
to you?!  
Me or rice,  
nyaaaaa?!!!

Kayo-  
chin!

But...  
She has  
a point,  
nya.

I don't wanna be lower  
than rice, nya~!

Hur-  
whaaaaw-  
hhaaa-  
hhh?!!

Kayo-chin!  
I'm sorry,  
nyaaaaaa!!!

I am  
such a  
sinful  
woman,  
nyaaaa!!!

Kayo-  
chin!!

But to think  
you'd stress  
so much when  
you compare  
it to me...

That's  
enough, nyo!  
I know rice  
is the most  
important  
thing to you.

It's not  
that!!

...not...

I under-  
stand,  
nyo!

I'm  
sorry,  
nyo!

End

Yeah!

Rin, your last name, Hoshizora, means "starry sky", so you've gotta love the stars, right?

Do you have a favourite constellation?

Do you also know a lot about the stars?

Hmm, well, I guess Aquarius left the biggest impression on me

Aquarius and Cygnus make a great pair, it's a shame that Aquarius isn't in many of the books. As for as Omega goes, I think I like Pegasus and Lynet most. Oh, and you can't forget Aries and Taurus either

Seiya Island?

Aquarius?

Isn't she talking about the constellations in Saint Seiya? And besides, in the comic, No! I don't care about this! I don't care about this at all!

I saw it on Seiya Island

## Afterword

Thank you very much, Rinpō! For Episode 2!

It was so much fun to see each of them limited each other in Episode 2. I really enjoyed to make a Rinpō book. I made the title up first, and then worked on the story of friends. It started out on Rinpō, but suddenly, Nozaki included without me even realizing it!

At least I was able to end it with Rinpō.

Ultimately, it became a Nozaki/Rinpō book.

Nozaki's dark magic is terrifying indeed.

Maybe it's because Rinpō acted like such a stupid couple that it made Nozaki act all silly, and so of course Moiré had to appear often that. But the way Rinpō just straight-out flirt with each is so cute. I just wanted to make them an even more stupid couple. Also, Rinpō acting as Moiré in Episode 6 was spot on, particularly the "I refuse!". It was so fun using that in this manga. The pattern for Moiré's phobos is endless. "I don't get you!"

Our guest artist Goro-chan a Saint Nozaki story came so out of left field, it immediately made me want to release a Saint Love Live book. Thanks!

This title has "explode" in it, so I wanted to somewhere use my favorite explosion screentone. I'm so glad I managed to squeeze that in. Even if my love is selfish and explosive. I have to thank you for reading all the way through!

Yukiko (aka Nozaki)

This time we made a Rinpō book!

Rinpō was truly in charge in Episode 5. I was just as moved as Rinpō was by it. I managed to convince them to make a collaborative doujin, too! WTBW Rinpō!!!!!!!!!!!!!!!!!!!!!! Or, though I personally wanted to make an A-RISE doujin on something lol. Ahhh, all the Love Live girls are charming in their own ways!!! Anyway, it's so ridiculously adorable how Rinpō puts a handkerchief down on the stars before writing on them. I just like to know the handkerchief that protects Rinpō's outfit.

I even to thank our guest artist Goro-san, who we kindly borrowed the skills of this time around. I made me really want to become a Saint. I think that I want to become Hashizone Rin's constellation lol.

Thanks for sliding around through all this. If we have the chance to meet again, I do hope it'll be just as enjoyable!
